

Gen2 Virtual and In Centre Open Evenings

If you are considering an apprenticeship or degree apprenticeship to start in September 2022 then you should attend a Gen2 Open Evening.

This year you have a choice of attending in person at our 'in-centre' events or you can attend online via our virtual events. You can tour/virtually tour the centres, talk to the instructors and meet local employers, in readiness for our recruitment portal opening. If you are undecided of what career would best suit you - come and find out more!

The Virtual Webinars:

During the webinar you will see the presenters from Gen2 but we can't see you - so don't worry about having to appear on camera! There is a facility to ask questions but these are typed, so no need to be concerned about having to talk in front of a large group of people.

Open Evening Dates:

Workington

8th December (virtual)
11th January (in centre)

Carlisle

13th December (virtual)
12th January (in centre)
1st February (virtual)

Ulverston

15th December (virtual)
18th January (in centre)
2nd February (virtual)
