

Programme ideas: Skills section

When completing each section of your DofE, you should develop a programme which is specific and relevant to you. This sheet gives you a list of programme ideas that you could do or you could use it as a starting point to create a Skills programme of your own.

You can find more information at **DofE.org/skills** and there is a range of exciting opportunities to help you complete this section at **DofE.org/finder**.

It's your choice...

Developing a skill helps you get better at something you are really interested in and gives you the confidence and ability to use this skill both now and later in life.

Help with planning

You can use the programme planner on the website to work with your Leader to plan and agree your activity before you start.
