

UVHS PPE Production

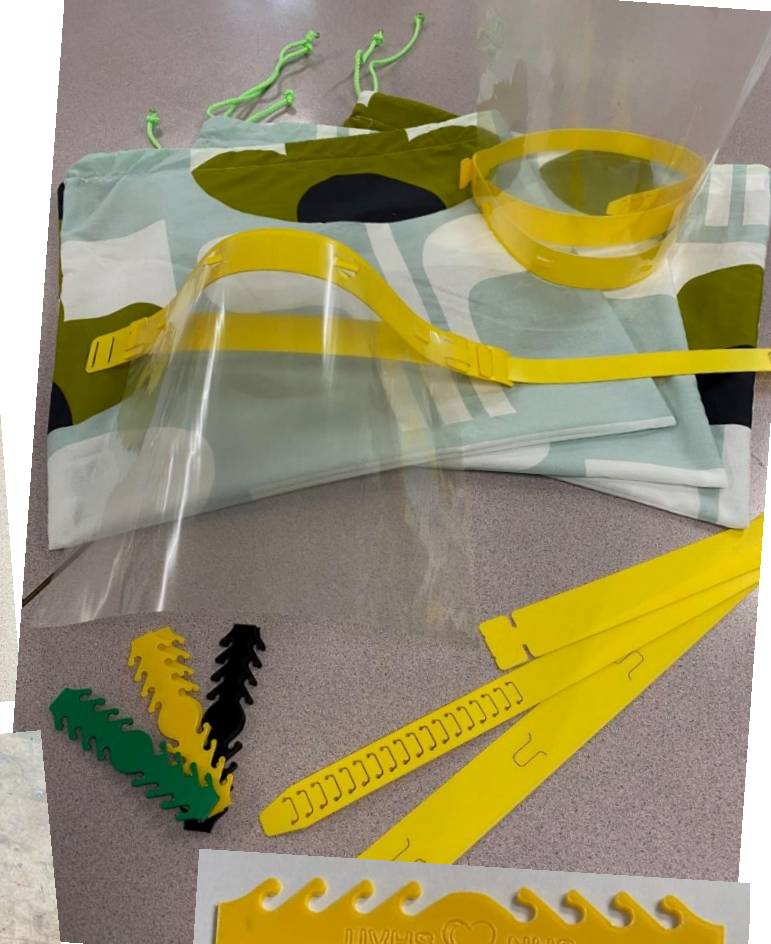

The Art & DT department at UVHS are delighted to have been able to join the efforts of over 400 schools nationally who have been able to produce PPE during the Covid-19 pandemic.

Collectively as a subject, DT faculties have made and donated over 362,900 pieces of single use PPE to help where there have been shortages in supply. Staff at school have to date sewn nearly 200 scrub bags and laser cut and assembled over 1,000 facial shields and 1,200 ear savers for those workers who wear face masks all day. These have then been doorstep delivered to anyone who has needed them including: Local GP surgeries, residential care homes, hospices, assisted living centres, mobile care workers, shop staff, the South Cumbria Team for people who have drug and alcohol issues, paramedics and children's care homes for those with social, emotional and behavioural differences. We have tried to support anyone in the South Cumbria area covering a geographical range between Barrow-In-Furness, Millom, Coniston, Grange-Over-Sands and Lancashire. Thank you to everyone who has helped with the donation of materials, production of PPE, delivery of items and publicity to help spread the message in the community.

Stay safe! Mrs Ford, Miss Dixon, Miss Walmsley, Ms Hillman and Mr Wearing 😊

Brand new bedding made into scrub bags ☺

Facial visors
& ear savers

Wahoo! Visor number 1,000 sat on a scrub bag from our biggest single doorstep drop of 86 laundry bags to a local care home!

Thank you to our creative community for thinking of our staff over the last couple of days - in particular Miss Walmsley and Mrs Ford (from UVHS) brought laundry bags for our nurses uniforms (as well as biscuits and ear protectors) and Mr Taylor and Cheryl Walker brought us two different types of ear protectors. Thank you for your kindness, it's greatly appreciated 💙

Dear Mrs Ford, Miss Dixon & Mrs Walmsley

Thank you on behalf of our clinical staff for the beautiful laundry bags you made, they are greatly appreciated, as are the ear protectors and biscuits!

With best wishes, stay safe,

Cheryl
