An exceptional school at the heart of the community

Thursday 7th January 2021

Dear Parent/Carer

The DfE is offering an increased mobile data allowance for students who are having to use mobile broadband to access learning resources during the lockdown.

The school can apply for this on your behalf if you require this service. Currently the only mobile phone providers that are offering this service are listed below, more mobile providers are expected to join in the coming days:

EE, Sky Mobile, SMARTY, Tesco Mobile, Three, Virgin Mobile

The exact details of what you will receive on each of the above networks is available on the government website here: <https://get-help-with-tech.education.gov.uk/guide-to-collecting-mobile-information/telling-about-offer>

You will receive a text message from your mobile provider when the free data has been activated. The data can also be used if you connect the phone to another device such as a laptop.

The DfE's privacy statement regarding who we will share your data with is available here: <https://get-help-with-tech.education.gov.uk/guide-to-collecting-mobile-information/privacy>

In order to apply for the extra data, you will need to fill in the form here, this is accessed through your child's email account:

Kind Regards

Mr M Hardwick
Headteacher
