

TICKETS. SAFETY. A BETTER JOURNEY FOR ALL.

Buy your ticket • Be safe • Be considerate

A little respect goes a long way...

WHY BUY A TICKET?

IT'S THE LAW

You must have a valid ticket to travel on the train. It's a criminal offence to travel without one.

You could face a fine of up to **£1,000**.

IT KEEPS RAILWAYS RUNNING

Ticket revenue helps pay for clean, reliable trains, staff and improvements to the network.

IT'S FAIR

It means everyone pays their share and helps keep fares affordable for everyone.

IT SUPPORTS A SUSTAINABLE FUTURE

More people using the train, and paying for it, helps reduce congestion, cut emissions and protect our planet.

THE LAW

Under the Regulation of Railways Act 1889, it is a criminal offence to travel on a train without a valid ticket. This applies to everyone, including students.

Fines can be up to **£1,000** for travelling without a ticket.

Northern Railway may also issue a **Penalty Fare** of **£100** + the appropriate single fare, reduced to **£50** + the single fare if paid within 21 days.

MADE A GENUINE MISTAKE?

Speak to the conductor or member of staff — they can check your ticket.

Northern is trialling a **genuine-mistake** approach in some regions. Repeatedly travelling without a valid ticket can lead to a Penalty Fare or prosecution.

Trains and stations have CCTV, and many Northern staff use body-worn cameras to help keep passengers and staff safe.

BE SAFE ON THE TRAIN

Stay behind the yellow line on platforms.

Keep your belongings safe and be aware of your surroundings.

Follow staff instructions and be ready to move if necessary.

Don't run, shout or behave in a way that could put yourself or others at risk.

BE CONSIDERATE

Helping everyone have a safe, comfortable and positive journey means showing respect for others. The following behaviours can lead to enforcement action, so please:

Anti-social behaviour

Disorderly behaviour

Abusive language/behaviour

Trespass

Threatening behaviour

Obscene behaviour

Littering/fouling/spitting

Smoking including e-cigarettes

Intoxication
